European Union Global Strategy - Wikipedia The Global strategy for the foreign and security policy of the European Union, for short the European Union Global Strategy (EUGS), is the updated doctrine of the European Union to improve the effectiveness of the defense and security of the Union and its members states, the protection of civilians, cooperation between the member states' armed forces, management of immigration, crises etc. Adopted on 28 June 2016, it replaces the European Security Strategy of 2003. European Union: Definition, Purpose, How It Works, History The European Union is a unified trade and monetary body of 28 member countries. It eliminates all border controls between members. That allows the free flow of goods and people, except for random spot checks for crime and drugs.
