The Production of Money: How to Break the Power of Bankers "In a well-managed financial system, money provides the catalyst, the finance model needed for innovation, for production and for job creation. In a well-managed economy, money is invested in productive, not speculative, economic activity. Verso The Production of Money examines and assesses popular alternative debates on, and innovations in, money, such as "green QE" and "helicopter money." She sets out the possibility of linking the money in our pockets (or on our smartphones) to the improvements we want to see in the world around us. 'The Production of Money': How to Break the Bankers and ... The money which the bank envisioned into existence by extending credit, becomes real in a very tangible way. Voila: the production of money, not by government treasuries but by private banks.

Diamid - The Production of Money: How to Break the Power ... In The Production of Money: How to Break the Power of the Bankers (Verso, 2017) she correctly identifies that "money enables us to do what we can within our limited natural and human resources"™, and so "creates economic activity"™ rather than being a result of it.
