Real Accounts vs. Nominal Accounts: Definition ... A real account is an account that will always be a part of a company's books once opened. It's there from the very first business day to the very last business day. Most of the real accounts show up on a company's balance sheet. The balance sheet is the financial statement that lists all the accounts that a company has and their balances. Real Account 3 - Read Real Account 3 Online - Page 3 Real Account 3 released!
